

Greetings, Community Champions!

This summer, The Rivet is excited to introduce Block Party Fridays: A Summer Benefit Series for Discovery Space and The Rivet.

On three Fridays in August (8/2, 8/9, and 8/16), our parking lot and lawn will transform into a Rivet-style block party! Picture this: Families and friends enjoying summer evenings on picnic blankets and chairs. They're savoring food truck specials, playing giant lawn games, jamming to local music, and browsing a small maker market—all for a great cause.

All proceeds from this benefit series will directly support our mission to provide engaging STEM experiences for learners of all ages through our science center and makerspace.

We invite you to partner with Discovery Space & The Rivet as a sponsor to make Block Party Fridays a reality. Would you be willing to support our event through sponsorship? Your contribution will help us deliver three unforgettable nights of music, food, and entertainment for our community.

As a sponsor, you'll demonstrate your commitment to community, education, and innovation, with recognition of your generosity at the event and through marketing materials. Together, we can inspire tomorrow's makers and innovators while supporting today's local artists and small businesses.

Thank you for considering our request. To discuss sponsorship or learn more about becoming a Presenting Sponsor, please email us at Development@DiscoverySpace.org.

Family Friendly!
with access to our exhibit floor!
